TEENS CELEBRATE EARTH DAY 2013 BY ENTERING OUR GLOBAL CONTESTS:

Our Earth - Let's Save Her

Undoubtedly, the declining state of our environment and the threat it poses to our planet's future affect every one of us. The question is, how many people realize the seriousness of it all. We all need to pitch in and find a way to help. Bringing teens from anywhere, of any ethnicity, social, economic, family background, or life circumstance together through various projects can create a powerful force, heightening awareness and understanding of the situation

TEEN-2-TEEN International Magazine is honored to be a Media Sponsor of the 43rd Annual Green2Gold EarthDay 2013 & TechBrew event and present our T2TEarthDay Contest Awards Ceremony

Teen-2-Teen & Green2Gold invite all teens to participate in various contests where, through different art mediums, creative writing, videos and music, they will be able to demonstrate their understanding and ideas of how to repair and protect our home that we call Earth.

Teen-2-Teen:

Teen-2-Teen [T2T], an international print and online publication created by teens for teens, provides an incredible opportunity for teenagers from around the world to connect through their own magazine. They contribute news and opinions on subjects that affect them. As they share their stories, talents, and cultures they learn how to work together, developing a sense of mutual appreciation and respect, ultimately bonding with each other in a manner that can only serve to further enrich both their current and their future lives.

Green2Gold:

Green2Gold, a project of the Environmental Education Group, (a 501c3 non-profit institution, founded in 1972) is dedicated to building a better, greener world through ethical, environmental economic development. Green2Gold is dedicated to helping green businesses grow through their unique Environmental Incubation™ process. Green2Gold mentors, educates, and brings to market environmental technologies, services, sustainable enterprises and environmentally-respectful products. Green2Gold encourages teens to volunteer by getting involved in projects around the world.

Teen-2-Teen and Green2Gold

Participants must be between the ages of 13 to 19 years

GLOBAL CONTESTS BY TEENS

The contests cover four (4) major categories:

Fine Arts

creative writing

short videos

music

Here is your chance to raise awareness by delivering a powerful message through art, writing, video or music, about things that surround us in relation to the environment, community and the world.

Use your imagination, creativity and talent to inspire others to take action in recycling, preserving flora and fauna, protecting our air, keeping our water clean, caring for animals and endangered species.

Earth Day 2013

Special Feature:

Invent the *Future*

Over the years ENVIRONMENTAL EDUCATION GROUP (EEG) and Green2Gold (G2G) have been committed to promoting effective environmental entrepreneurship at all levels of society, to fostering sustainable, environmental and renewable energy sources, and new eco-compatible materials and products. This has led to the development of the Young Eco Inventors Contest for kids and YIPEE KIDS PROGRAMS.

Today, EEG/G2G encourages teens around the globe to describe, draw and create their vision of helping the planet in any way they can imagine: technology, energy, food, pollution, water conservation and etc.

Here is an enormous opportunity for teens to become inventors, and who can be a better mentor than EEG/G2G?

Submit your ideas to t2t@mtasa-us.org by email: Submissions will be judged by experts from EEG/G2G.

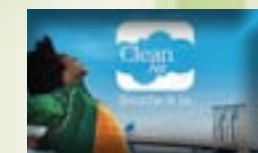

The winner will receive a cash prize, a medal with certificate and an annual membership in EEG/G2G.

With this membership, you become a part of Green2Gold incubator, and can participate in workshops for sustainable green and clean technologies, responsible enterprises, renewable energy and much more.

Nature

Harmony in

Recycling

Clear Air

Clean Water

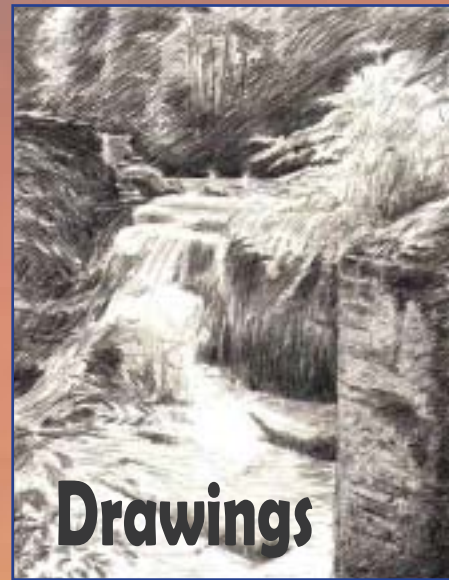

Inventions

Fine Arts

Paintings

- a. Music Video
- b. Commercial
- c. Film (documentary, fiction, non-fiction, comedy)

Submission

We encourage teen writers to submit an original short story, poem or essay demonstrating awareness and understanding of the environmental state (forests, oceans, air, animal life) as well as ideas on how to repair the damage already done and prevent future abuse and deterioration from occurring.

Submission

Short story and/or essay should not exceed **800** words. All entries must be submitted in English. Contestants can submit up to one entry in each category.

Entries must be emailed to t2t@mtasa-us.org

Type in the Subject Line:

“Earth Day - Creative Writing Contest”

Type in the body of the email:

full name, address, phone number, email address, age

The length of submitted videos can be from 1 to 10 minutes. For movies, submit a trailer (again, from 1 to 10 minutes). Commercials and films must be in English or with sub-titles. Videos can be submitted in **MP4** or **WMV** format.

Contestants can submit up to one entry in each category.

Entries must be emailed to t2t@mtasa-us.org

Type in the Subject Line:

“Earth Day - Short Videos Contest”

Type in the body of the email:

full name, address, phone number, email address, age

Teens are welcome to submit one original song (lyrics and music)

Songs can be submitted in **MP3**, **WMA** for audio or **MP4**, **WMV** for video.

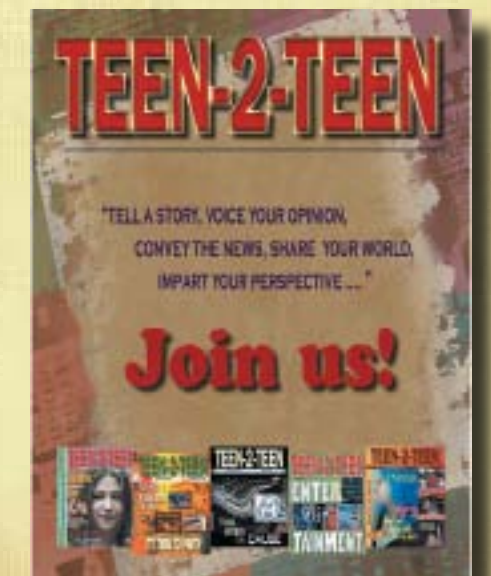

Entries must be emailed to t2t@mtasa-us.org

Type in the Subject Line:

“Earth Day - Music Contest”

Type in the body of the email:

full name, address, phone number, email address, age.

We invite teens to submit interviews, articles, short stories, art, photography, etc. for a special Teen-2-Teen issue dedicated to our environment. This issue will be available online and in print.

DESIGN A Poster

(sample entry)

Teens are invited to design a poster inspired by the *Invent the Future* theme.

MEDIA: photography, graphics, painting, drawing or mixed media

Fine Arts contest's submission rules apply here.

Poster will be available at the Awards event.

The winner will receive \$100.00, a certificate & a gift bag.

JUDGING

All submissions will be judged by professional artists, photographers and writers, and evaluated based on imagination, originality and creativity. The decision will be final.
